resill!on
Quality: Engineered. Tested. Assured.

matter

Get your products certified today.

Matter is a protocol to connect compatible devices and systems with one another; with a new approach to create a rapid and transformative impact on the market. Resillion is authorised by the Connectivity Standards Alliance as a Certification Testing provided for Matter 1.0.
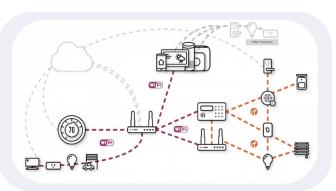

Simple. Interoperable. Reliable. Secure.

- Industry–unifying standard - a promise of reliable, secure connectivity
- Offers a familiar and consistent setup flow to make onboarding simple, reliable, and secure
- A new, groundbreaking development approach
- Widely adopted across the value chain and around the world - look for the mark that matters!

How to get certified...

...in six easy steps!

- Become a CSA member
- Select the network transport
- Select Resillion as the authorised testing lab
- Send your products to our lab in either Belgium or China
- Submit yourself for the certification application
- Get certified!
